

ALVIN JORNADA

Dr. Grant Patrick gets a kiss from Pixel during an exam at Montecito Veterinary Center.

Veterinarian

DR. GRANT PATRICK

The key to greatness as a veterinarian may lie in how you treat your fellow humans. That's what customers of Dr. Grant Patrick, the returning champion, say is his secret: patience, empathy and a commitment to explaining all the options in a realistic and nonjudgmental way. In his 30 years in practice, he's developed a loyal clientele that fills his schedule, yet he's always willing to squeeze in an emergency case or take on a new patient. And, fans say, he understands that cost is an issue and keeps his rates reasonable.

4900 SONOMA HWY., SANTA ROSA.
